

Mr. Colann's Future Engineers: Phineas and Ferb's Imagination and Science Exploration Part 2!

(All new experiments and activities)

(S.T.E.M. based activities)

This session will focus on science experiments influenced by the Disney animated series *Phineas and Ferb*! The students will also be able to recreate the science experiments at home since they will use many common household items. Team up with Phineas and Ferb and use your brain power to complete some fun science activities. We will create some other fun projects inspired by Phineas and Ferb.

"Hey, where's Perry?"

Featured experiments/projects:

Water-powered rockets, underwater fireworks, mummified apples, defying gravity, and much more.

Session 4: Weeks of March 13th – May 8th
