

Future Engineers with Mr. Colann: Masterbuilder Edition!

(S.T.E.M. based activities)

Let your imagination go wild like Emmett from The Lego Movie! Build new and creative things like the double deck sofa using K'NEX and Legos and various other materials. This is a great activity to improve fine motor skills and increase spatial relationships. This session will include some make and take activities that involve the science of flight.

Session 3: Week of March 11 – May 6

K-7th grades: Fridays 3:00-4:00

(3/15, 3/29, 4/5, 4/12, 4/26, 5/3, 5/10, 5/17*)

There is no school on April 19 so the make up date will be May 17.

Cost: \$60 for the 8-week session

Teacher: Mr. Colann

Room 112

Checks payable to: Don Colann
